NEW-YORK DAILY TRIBUNE, THURSDAY, NOVEMBER 16, 1899.

NATURAL MINERAL SPRING WATER.

Highly Efferoescent

THE KING OF TABLE WATERS.

or Non Effervescent.

Delicious as a Beverage, and for Diluting Wines and Liquors It Is Perfection.

It is the Favorite Table Water in Private Families, and is Used in all PROMINENT Clubs, Hotels, &c., sustaining fully its reputation as the King of All Waters, native or imported.

THE BEST AND PUREST OF ALL WATERS FROM KALUDOR SPRING, WAUKESHA, WISCONSIN.

After an experience of twenty years I can truthfully state that KALUDOR is superior to any other water upon the market. It is not artificially medicated as are so many of the waters now offered for sale, nor will it cure all the ills which afflict humanity, but it is Nature's remedy for alleviating and curing a number of them. It has been thoroughly tested by many of our most eminent Physicians, and they find it an indispensable adjuvant in the treatment of all kidney and bladder diseases. Where used freely it does away with excess of Uric Acid and the numerous complications arising from it, such as Gout and Gouty Rheumatism, Eczema, etc., etc. It is a cure for many forms of Dyspepsia, and a necessity to those suffering from an inactive Liver. In all fevers, Scarlet, Typhoid, etc., etc., it will keep the Kidneys active. The Effervescent and the Non Effervescent Kaludor are equally effective medicinally.

I respectfully ask your attention to some of the many letters received from influential and well known persons which speak for themselves.

New York, March 31st, 1899.

A trial of "Kaludor" has resulted in the decision of myself and my family that it is preferable to the mineral exters that we have been using, and for the future will take their place on our table. Very truly yours, C. T. COOK, 2 West 48th St.

From Mr. CHARLES H. WEBB, 51 West 74th St.

New York, March 31st, 1809.

I desire to tell you that I have been using your "Kaludor" Mineral Spring Water (highly effervescent) for some time, and I find it, as you say, the best and purest of all waters, and I cheerfully recommend it to my of all waters truly, CHAS. H. WEBB, 340 Broadway.

Mr. HOMER F. LOCKE, President of the Ark-wright Club.
New York, March 20th, 1809.
If your "Kaludor" Water the best of Table Waters relient for quenching thirst. Yours truly.
HOMER F. LOCKE.

From Mr. WILLIAM MAN, of the firm of Man & Man, 56 Wall and 59 Pine Sts.

The case of "Kaludor" Waler ordered, sent to 19 West 10th Street, received. I find it delicious, and the ladies of my family at once adopted it as a table water, fully indersing my opinion that it is a very excellent addition to our list of table luxuries. I remain yours fruly.

WILLIAM MAN.

From COLONEL DAVID S. BROWN, of David S. Brown & Co., 51st St. and North River.

Mrs. Brown, who has been suffering with an attack of jaundice, found much beenfit from the use of "Kaludor" water. I am unfortunately afflicted with uric acid, but the good quality of your "Kaludor" Water is a great releft to me, as I hope it may be to others who suffer. When I order more water, please take away empties. Tours truly.

Riverside Drive and 102d St.

From Mr. H. R. HARPER, of Harper Brothers, Pub-Hishers, Franklin Square.

I have tried "Kaludor" now for the last two months, and have pleasure in pronouncing it the best table water on the market in my judgment. Very truly yours, H. R. HARPER.

Ar. Lockwood.

Dear Sir:—You ask my opinion of the "Kaludor" Natural Mineral Spring Water. I think there can be but one opinion of all who have given the water a trial, certainly not in my profession. I recommend it with the greatest confidence for the sick room and the dinner table and at all times as a most acceptable beverage. Very truly,

E. GUERNSEY.

"KALUDOR" is used and recommended by DAVID L. WALLACE, M. D., of No. 192 Clinton Ave., Newark, No. 202 Clinton Ave., Newark, N. J., October 24th, 1899. Mr. John L. Lockwood.

My Dear Sir:—You are at liberty to use my name in commendation of your "Kaludor" Spring Water. I am using it constantly in my family, and recommending it to my patients, all of whom speak highly of it. Sincerely yours,

DAVID L. WALLACE, M. D.

From Mr. JOSEPH R. QUINBY, of A. D. Juilliard & Co., 70 Worth St.

New York, March 10th, 1899.
I take pleasure in testifying to my good opinion of your "Kaludor"; I shall always use it in my house, or anywhere else in preference to any other water wherever it is to be found. It will stand comparison with all competitors and come out ahead. Yours very truly,

J. R. QUINBY, 35 West 75th St.

From Mr. WILLIAM E. WEBB, Vice President of the Colonial Club.

Colonial Club.

New York, March 15th, 1809.

I am using the "Kaludor" effervescent water in my home, and we like it very much indeed, and think it excels all others we have tried as a table water. Some of my friends have epoken very highly of its medicinal properties. Please send me another case of quarts, mailing the bill to my office, and oblige. Yours very truly.

W. E. WEBB, 248 West 70th St.

Office of METCALF BROS. & CO., 67 and 59 Worth St.

New York, March 3d, 1899.

The general health of my family has shown such marked improvement of late that I have been searching for the cause. The only change in our habits, diet, etc. is the use of your "Kaludor Water" the past few weeks. My wife says she is certain it has done her a world of good in her particular ailment, congestion of the liver, besides being a most agreeable beverage. We all join in thanks to you for such an accession to our family circle as "Kaludor." Kindly send another case at once. Yours respectfully.

JOHN E, WOOSTER, 247 West 76th St.

From WM, B. HAIGHT, 302 West 85th St.

As a table water Kaludor is very satisfactory, and since beginning its use I have discarded all other table waters. Yours truly,

W. B. HAIGHT.

From Mr. WM. F. BROKAW, of Brokaw Brothers, Astor

From Mr. WILLIAM D. HARPER, 66 Maiden Lane.
New York, March 7th, 1809.
Since the advent of "Kaludor" all other table waters
are pushed aside in the Harper household. I heartily congratulate you in being able to give your friends and the
public an article of such sterling value. Very truly yours,
WM. D. HARPER, 262 West End Ave.

From Mr. THOMAS T. KINNEY, Former Owner and Editor of Newark Advertiser. Elberon, N. J., July 3d, 1899.

From THOMAS K. EGBERT, of Egbert & Case, 80 War-

From SAMUEL JOHNSON, M. D., of Asbury Park, New Jersey,
September 19th, 1899.

Mr. John L. Lockwood.

Dear Sir:—I use in my family and recommend "Kaludor" Mineral Spring Water. Yours truly.

SAM'L JOHNSON.

From DAVID ORR EDSON, M. D.
New York, March 31st, 1899.
I am at present using with very satisfactory results th
"Kaludor" mineral water, and take pleasure in recommending it to others. DAVID ORR EDSON, M. D.
38 West 71st St.

and have no hest ation in recommending it. Very truly yours, William F. BROKAW, \$29 Fifth Av.

From CHARLES G. BOHANNAN, M. D., of South Norwalk, Conn.

South Norwalk, Sept. 16th, 1899.

Mr. John L. Lockwood

Dear Sir:—I take pleasure in commending "Kaludor." Not only is it a most excellent water for table use, but its properties entitle it to the consideration of the physicians properties entitle it to the consideration of the physicians as well. Its virtues are all that is claimed. Yours truly, as well. Its virtues are all that is claimed. Yours truly, cerely yours, EDWARD MAPSHALL, the Hero war newspaper correspondent so seriously wounded at the battle of Sevilia while in the first rank of the Rough Riders in their daring and famous charge.

We have used a case of "Kaludor" and shall use many more cases. I can drink only mineral waters, and find "Kaludor" so superfor to all others on the market that I shall not in future consider the use of any other. Sincerely yours, EDWARD MARSHALL, 23 Fifth Ave.

From Mr. W. F. PIPPEY, of B. Y. Pippey & Co., Dry
Goods Commission Merchants, 45 Leonard St.
The case of "Kaiudor" I ordered reached me all right,
and I like it so much that it is mearly gone already. As
I don't want to be without it, please send me another
case (with bill) to store, or, if you don't care to fill such
small orders, perhaps I can get it from Acker, Merrall &
Condit. Can I? Very truly, W. F. PIPPEY.
The Dakota, 120 St. and Central Park West.

From Mr. SCHUYLER MERRITT, President of the Yale Lock Company. Stamford, Ct., April 27th, 1899.

John L. Lockwood, Esq. Stamford, Ct., April Fith, Dear Sir: My formity and myself have enjoyed "Kaiudor" water as a table water very much. It has a pleasant, clean taste, and as I happen to know something of your care in shipping and bottling. I am certain that it is clean. The new system of corking makes it a pleasure instead of a nulsance to open the bottles. So, altogether, "Kaludor" is what it should be, inside and out. Yours truly,

Used and recommended by A. J. DOWER, M. D., 380 Union St., Brooklyn, New York.

From Mr. WILLIAM T. RAYMOND, of Raymond Brothers, South Norwalk, Connecticut.

South Norwalk, September 21st, 1899.

Dear Sir:—I can state from personal experience that the "Kaludor" Water does away with excess of Urle Add and cures Exzerra. My confidence thus lead me to recommend it to a friend suffering from Dropsy whom it relieved in a few days, the swelling of the limbs disappeared, and is now able to attend to business although still drinking the water. I am glad to write you this for the benefit of others who may be suffering in this way. Yours truly,

W. T. RAYMOND,

Prom D. C. ENGLISH, M. D.

New Brunswick, New Jersey, Oct. 6th, 1899.

Mr. John L. Lockwood,
Dear Sir:—I have been using the Effervescent Kaiudor
Water and regard it highly as a table water. Judging
from the analysis I consider it a valuable adjuvant in the
treatment of certain hepatic and gastro-intestinal disorders and of some forms of disease of the urinary organs,
Yours very truly.

D. C. ENGLISH, M. D.

From Mr. HENRY K. BROWNING, of Browning, King & Co. & Co.

New York, May 2d, 1899.

After a two weeks' trial of "Kaludor" I do not hesttate to say that in my opinion it is the best mineral
water for table use that I have ever had on my table,
My family all concur with me in this opinion. Very truly
yours. HENRY K. BROWNING, 748 Madison Ave.

PRICE LIST.

From Mr. THOMAS H. CULLEN, 52 West 72d St.

I have been using your "Kaiudor" effervescent mineral water for some time, and my family and self think very highly of it. I can strongly recommend it as a most satisfactory and agreeable Table water, pure, refreshing, and I believe very beneficial in its action in the system. I shall want another case of it next week. Yours very truly, THOMAS H. CULLEN.

From Mr. W. CAMPBELL CLARK, of the Clark Thread Company.

Newark, N. J., June 9th, 1899.

Newark, N. J., June 9th, 1899.

Dear Str:—Enclosed please find my check in payment of three (3) cases of "Kaludor" Water, which was sent to Glasgow at my request. Also kindly send the two (2) cases of pints, via Central Railroad to Elberon, N. J. I also desire to state that it is the best mineral water I have ever had in my house, and I never intend to be without it. Yours truly, W. CAMPBELL CLARK.

From Mr. JAMES C. COOLEY, of Cooley, Turnbull & Co., 24-28 Thomas St.
New York, June 27th, 1899. New York, July

I. L. Lockwood, Esq.

Dear Sir:—I am extremely well satisfied with the
"Ksiudor" water; in fact, so well that it is the only
water I use on my table. Yours truly.

JAMES C. COOLEY.

From Mr. J. W. PRINGLE, of Pringle & Gondran, 188140 Liberty Street.
New York, September 20th, 1899.
Mr. John L. Lockwood.
Dear Sir:—I consider the Effervescent "Kaludor" Water
the best dilutent and finest table water on the market. I
know of none to equal it. It is far superior to all I have
tried. My family have used it during the summer with
the greatest satisfaction. Medicinally its action has been
very benedical. It is a pleasure to recommend it to my
friends and the public. Yours truly,
J. W. PRINGLE, 163 West 57th Street,

From Mr. J. H. STODDART, the actor, so well and de-lightfully known by all of us; written at his sum-mer home.

mer home.

Sewaren, N. J., September 2d, 1896.

My Dear Mr. Lockwood,
I have not forgotten the many talks we have had together in years past. In regard to the new mineral water (Kaludor) that you have recently introduced we regard it as the finest of waters, and wish you all success in handling it that the water deserves. I am sure when it hecomes fully known the public will be grateful for its introduction. Sincerely yours,
J. H. STODDART.

No. 1 Greene Street, New York, August 23d, 1899.

Mr. John L. Lockwood, 10 Walker St., City.

Dear Sir:—We have been using the Effervescent "Kaludor" in our summer home at Babylon, Long Island, for several months with much satisfaction. We prefer it to any other water and I cheerfully recommend it to my friends. Yours truly,

JOHN I. SILBERSTEIN,

R. L. BOHANNAN, M. D., of Stamford, Conn. Stamford, Sept. 16th, 1899.

This is to state that "Kaludor" Natural Spring Water tasks as very desirable table water, and of great value in the Uric Acid Diathesis. If taken in large quantities it will have an Alkaline reaction on the blood, dissolve uric acid and carry it off.

R. L. BOHANNAN, M. D., of Stamford, Conn. This is to state that "Kaludor" Natural Spring Water tasks as very desirable table water, and of great value in the Line of the Conn. The Con

CHARTER CHANGES LIKELY

A BILL TO SHORTEN THE MAYOR'S TERM MAY BE INTRODUCED.

TALK OF POLICE LEGISLATION AND THE ABOLITION OF ONE HOUSE OF THE MUNICIPAL ASSEMBLY - THE

> GOVERNOR TO CONFER WITH LEADERS,

Senator Platt, Chairman Odell of the Republican State Committee, and other leaders in the Republican organization, yesterday repeated their declarations that no plans for legislation at Albany the coming winter had been decided upon, or even seriously discussed, since the election. They declared that there had not been time, since it became apparent that the Republicans would have a working majority in the Legislature, to form any plans for legislation. There has been no gathering of the leaders for a discussion of such plans.

Governor Roosevelt, it was declared, would not be left out of conferences about coming legislation. William J. Youngs, the Governor's Mecretary, was at the headquarters of the Republican State Committee in the Fifth Avenue Hotel yesterday, and after he had talked with Mr. Odell there was an announcement that the Governor would come to this city soon to have a talk with Senator Platt and the other leaders about legislative plans. It was said at the headquarters that frequent conferences between the Governor, Senator Platt, Mr. Odell and leading Republican members of the Legislature might be expected before the support of the Republican organization would be promised for any bills to be introduced.

While the leaders declare that most of the talk about coming legislation is "in the air." Republican politicians of the city believe that there will be introduced early in the session of the Legislature and supported by the Republican organization several bills to amend the city's charter. Senator Platt has expressed favor for some of the proposed changes in the charter which the Mazet Committee is expected to recommend. He has talked, without wishing to be quoted, in favor of a State Constabulary bill, which would take the police of this city out of Tammany control. His expressions on that subject have led to reports that the Republican organization had decided upon a bill to be introduced in the Legislature. It is regarded by the politicians as well nigh certain that police legislation will be attempted, but the views of several members of the Legislature will have to be met before the exact provisions of the bill will be known.

It is believed that there will be a bill to amend the city charter so as to shorten the term of the Mayor to two years and take away the provision by which the Mayor is made ineligible for re-election. The Republican leaders are now agreed that it was a mistake to make the Mayor's term four years and prevent the Mayor from having an opportunity to get public approval of his administration by trying for re-election.

The abolition of one house of the present vor for some of the proposed changes in the

election.

The abolition of one house of the present Municipal Assembly is expected. The leaders believe that a large Municipal Assembly, composed of one body, would be less expensive to the city and more effective for necessary legislation. The plan probably will be to have the Municipal Assemblymen elected for one-year terms, and provide for minority representation. Another change in the charter that is ex-

pected would take away from the Board of Pub-

pected would take away from the Board of Pub-lic Improvements some of its powers and change its membership. The plan to have less power given to the heads of departments appointed by the Mayor, as members of the Board of Pub-lic Improvements, and to give more power in the Board to the borough presidents, is being considered. onsidered. There has been expressed some favor for legrhere has been expressed some favor for legislation to increase the powers of the Controller so as to give to him the right to investigate departments of the city government. A change in the charter to that effect would abolish the Commissioners of Accounts. ommissioners of Accounts.

HORGAN MUST PRODUCE BOOKS.

UNITED STATES CIRCUIT COURT ORDERS THAT THE TAMMANY ARCHITECT BE IMPRISONED IF HE FAILS TO DO SO.

The United States Circuit Court of Appeals of the Southern District of New-York has affirmed the decision of Judge Brown, of the United States District Court, imposing a fine of \$100 on Arthur J. Horgan, president of the corporation of Horgan & Slattery, for falling to produce the books of the corporation before the referee in bankruptcy, and sentencing him to imprisonment for contempt until he produces the books. The opinion, which is written by Judge Wallace, says in part:

We have no doubt of the power of the court be-low to make the order fining the petitioner for re-fusal to produce the books of the corporation (in his custody as its president) for examination be-fore the referee in bankruptcy, nor that the order was a reasonable exercise of judicial discretions fore the referee in bankruptcy, nor that the other was a reasonable exercise of judicial discretion. The provisions of the Bankruptcy act authorizing the examination of third persons as witnesses and compelling the production of books and documents on such examinations are intended to enable creditors to discover transactions which may affect the right of the bankrupt to obtain a discharge, and to enable the trustee to ascertain whether any assets exist which should be collected and applied toward the payment of the bankrupt's debts.

NO CASE AGAINST THE VAMOOSE.

CAPTAIN EVANS'S ARREST OF THE ASSOCIATED PRESS BOAT AT THE YACHT RACES IS NOT SUSTAINED.

During the progress of the recent yacht races the steam 'acht Vamoose, under charter and in the service of The Associated Press as a dispatch boat, was arrested by Lieutenant Commander J. C. Fremont, who was in charge of the flotilla of torpedo boats under the command of Robley D. Evans. The arrest of the Vamoose was made despite the fact that she was sailing astern of the yacht Columbia, which was making the course alone be-

cause the Shamrock had carried away her topmast, and after the Vamoose had obtained permission to approach the committee boat to get the official time of the turning mark. The Vamoose was taken by Commander Fremont to the Manning, Captain Evans's flagship, and in the face of protest and explanation that permission had been given The Associated Press was deprived of the use of its swiftest dispatch bost, the Vamoose being sent to the city in command of a revenue officer.

the city in command of a revenue officer.

She was released immediately after she reached the city by the authorities here, but charges were preferred against Captain Theodore Heilbron, master of the Vamoose, and hearing was had on November 7 before the local Board of the Steam Vessel Inspection Bervice. Lieutenant I. V. Gillis, of the torpedo boat Porter, who gave the Vamoose permission to go astern of the committee boat, testified that he gave the permission and subsequently so advised Commander Fremont, and that in his judgment nothing, therefore, could be done against the Vamoose. Commander Fremont was present as a witness against Captain Hellbron.

Inspectors Petrie and Barrett carefully considered the case after the hearing, and have informed Captain Hellbron that on the evidence they have in the case.

AND BY GROCERS AND DRUGGISTS GENERALLY.

GENERAL DI CESNOLA HONORED.

HIS PORTRAIT UNVEILED IN A PIEDMONT

KINDERGARTEN HE ATTENDED Rivarolo Canavese, a small town in Piedmont, i s said, had the first "asilo infantile," or kinder garten, in Italy. General Luigi Palma Di Cesnola, lirector of the Metropolitan Museum of Art, was a pupil of the school when he was three years old, nd has always been its greatest benefactor, con-

tributing generously to its support. A communication recently received from Piedmont brings this piece of news, which will be read with interest by General Di Cesnola's friends:

with interest by General Di Cesnola's friends:

To honor General Di Cesnola and perpetuate the memory of his many good deeds on behalf of the institution the Board of Directors of the Asilo has had his portrait hung in the main hall. The portrait is a valuable oil painting, the work of George H. Story, of New-York. On the day of its unveiling the whole of the little industrious town took a holiday; prominent people, together with the authorities, were present, and the exercises were of an impressive nature. Songs by the children, recitations and speeches elicited great applause, while the references to the gold medal conferred last year by the jury of the National Exposition of Knight Commander of San Maurizio e Lazzaro bestowed upon him by King Humbert, were received with cheers.

with cheers.

The speech of presentation was made by Count
Gloacchino Toesca di Castellazzo, president of the
Asilo, and a letter was read from Dr. Luigi Roversi, of New-York.

ALLEGED ATTEMPT TO DEFRAUD.

A. POPKIN & CO. ACCUSED OF SENDING GOODS TO WESTERN AUCTION ROOMS WHILE INSOLVENT. Deputy Sheriff Roberts received additional writs

of replevin yesterday against Abraham Popkin, doing business as A. Popkin & Co., cloak manufacturer at No. 762 to 766 Broadway, aggregating \$49,949. A petition in involuntary bankruptcy was filed against Mr. Popkin by Myers, Goldsmith & Bronner. They allege that on November 14 Bronner they allege that on November 16 and a preference by a writ of replevin, and on information and belief he transferred while insolvent property to creditors to prefer them. They also obtained a restraining order stopping the Sheriff and all creditors from proceeding any further with their claims until a trustee in bankruptcy is chosen. Blumenstiel & Hirsch said yesterday that they had received advices tending to show that there had been a large amount of goods sent to auction houses in St. Louis and San Francisco and sold there recently. Goods hought in this city on October 20 to 23 had been sold in St. Louis on November 2 and in San Francisco on November 9. Mr. Popkin on Monday gave a check for \$5.500 to a creditor for 75 per cent of his claim, but the check was not paid. f replevin yesterday against Abraham Popkin,

MAN AND WOMAN ASPHYXIATED. A man, about thirty years old, and a woman,

bout the same age, were found dead, by gas, yesterday morning, in Morgan's Hotel, at by gas, yesterday morning, in Morgan's Hotel, at No. 335 Spring-st. The deaths are thought to have been accidental. The man is said to be R. Hartigan, a fireman on the steamship New-York of the American Line. The man and woman went to the hotel last night and the man placed "Mr. and Mrs. Hartigan, N. J." on the register.

The police thought that either the man or the woman had blown out the gas, as there was no indication of suicide. Policeman Soule called an ambulance surgeon from St. Vincent's Hospital, but the surgeon, Dr. Cherry, declared the two persons dead.

DEVERY DOES NOT INTEND TO RETIRE. Police Chief Devery, who has been finishing his vacation, resumed his duties at Police Headquarters vacation, resumed his duties at Police Headquarters yesterday. On reaching his office he was asked about the many stories that have appeared in print within the last few days asserting that he was about to retire as Chief of Police. Mr. Devery declared the stories absolutely false, and without any foundation whatever. He disposed of the whole matter by saying:

"I haven't any thought of retiring at all."

HE RECEIVED DID NOT CONTAIN THE INFORMATION HE WANTED.

The Ramapo schemers in the Board of Public Improvements seem as loath as ever to give anybody any time for careful investigation of the terms and conditions of the contract which they still appear to be anxious to jam through. The Merchants' Association, as is well known, is doing all in its power to make clear the hidden mysteries which yet surround this deal despite the revelations of the Mazet Committee, and as time is needed for such a work the association requested Commissioner Daiton to present to the Board of Public Improvements at its meeting held yesterday a resolution to the effect that all action in regard to the proposed Ramapo contract should be delayed on the part of the Board for three months, to enable the association to make an investigation of the physical facts concerning the water supply and thus to determine, first, whether an additional supply is a present necessity; second, what source of supply is the best and most available for the city; and, third, what is the best method of obtaining that supply, whether by municipal ownership or private contract. A similar request was sent to Mr. Holahan.

President Holahan sald before the meeting that he had not had time to read the letter, and that it would not be read at the meeting as it was received too late to obtain consideration from him. Commissioner Dalton said he had not perused the letter in its entirety, but un-

derstood its purport.

The letter to President Holohan followed a visit to Commissioner Dalton by President King of the Merchants' Association in the forencon.

The Commissioner of Water Supply was not in The Commissioner of Water Supply was not in his office, and after waiting an hour or more Mr. King went back to his office and dictated the letter. Secretary Corwine of the association was outside the meeting room of the Board in the afternoon. He was told that the letter would not be presented at the meeting. He replied that if the letter was held back the Merchants' Association would make it public after the meeting.

chants' Association would make it public after the meeting.

As the meeting was about to adjourn Commissioner Dalton told the Board that he had communicated with the Merchants' Association during the last week, following the resolution of last week which was adopted, and which instructed the Commissioner of Water Supply to get from the Merchants' Association "such information as they may have upon the subject." He said he had received in reply to a letter to President King a letter which reached his office late yesterday, and which he had not the time to consider. Commissioner Dalton said, however, that he gave the letter a casual perusal, but did not find the information he desired conveyed in it. He asked the Board to extend the time given him for a report on the matter until the meeting of the Board next Wednesday.

THE BLUE PENCIL CLUB.

The Blue Pencil Club, an organization consisting of newspaper artists and others, gave the first of a series of blue teas at its rooms, No. 9 Sprucest, yesterday afternoon. There was a considerable gathering of the members, their wives and their

AN

FALSE LABELS CHEAT GOVERNMENT.

WITNESS BEFORE THE SENATE COMMITTEE ON MANUFACTURES SAYS \$6,000,000 IS THUS LOST

ANNUALLY ON SPIRITS ALONE. The United States Senate Committee on Manufactures, represented by Senator Mason, of nois yesterday, in the Hotel Imperial, resumed its investigation into the adulteration of malt liquors. George B. Sadler, Editor of "Bonfort's Wine and Spirit Circular," was the first witness called. Senator Mason explained to him the object of the inquiry, and Mr. Sadler said he had spent years pur-

suing the same object.
"I firmly believe," he said, "that of the imported spirits which are protected by a high duty more of the spurious than of the genuine is sold. There are few places in this country where that system of fraud is not perpetrated. Fraudulent labels are procured and genuine bottles refilled with cheaper

"Do you refer only to imported liquors?" asked "Most decidedly not. Any brand of wine or

spirits that attains popularity furnishes a fair field "Does not the Copyright law protect the owners

"Not at all. The passage of the Senate House bill 4.580, which was allowed to die, would have P. J. Murray interrupted to suggest that Senator Mason ask the witness how much the Govern-ment loses yearly by the imposition of imitation

ment loses yearly by the imposition of imitation labels of imported brands. The question was put, and Mr. Sadler said the Government loses at least \$6,000.000 annually on spirits alone. He was unable to tell of how much the Government was defrauded by spurjous beer labels, but estimated that it exceeded \$2,000,000 annually.

Dr. Francis Wyatt, consulting chemist to the National Brewing Academy, was the next witness. He explained the difference in methods in the brewerles of the United States and foreign countries, and said that the American brewer is under certain difficulties, because he has to cater "to the aesthetic as well as to the epicurean taste of the consumer."

Germans, he said, drink their beer from mugs, and do not care what it looks like if it tastes good. Americans use glasses, and demand a good looking, sparkling liquid.

Several other witnesses testified, and the committee adjourned.

WILSON INDUSTRIAL SCHOOL LECTURE. A new lecture by Dwight L. Elmendorf, illustrated with his remarkable tele-photographs, finely colored, together with many lifelike moving pictures, showing the Dewey naval and land parades, and stirring scenes from the late war in Cuba, will be given at Sherry's, on the afternoon and evening of November 23, for the benefit of the Wilson Industrial School for Girls and Mission No. 125, St. Mark's Place. This worthy charity was founded over forty years ago, and has for its aim, the instruction of the children of the very poor, not only in the elementary English branches, but in a thorough course of Garden," fitting them for household duties. A warm dinner is furnished at the institution each school day, and is enjoyed by about 130 to 140 children. The managers hope for a generous re-sponse from the public, and will be much pleased if it is shown not only in a large attendance at the lecture, but by visits to the school to see the work that is done there.
